

# City of Oshkosh

## Strategic Plan

The mission of the City of Oshkosh is to provide goods and services in pursuit of a safe and vibrant community

August 6, 2010

Citizens of Oshkosh,

After accepting the position of City Manager here with the City of Oshkosh, it became clear to me that we needed to develop a framework to organize our thoughts, energy and direction in a comprehensive manner in order to be as effective as possible for the benefit of our citizenry. Numerous planning documents have been produced, but none have taken into consideration the actions of each so as to create congruency of our organizational goals and actions.

In recognition of this situation and after more than a year of work involving the thoughts of citizens, Council Members and staff, I am pleased to share with you our final draft of the City of Oshkosh's first Strategic Plan. This plan outlines our:

- ❖ Community
- ❖ Organization
- ❖ Mission - the reason for our existence
- ❖ Vision - our description of the desired future
- ❖ Guiding Principles – how we want to behave as we fulfill the mission and achieve the vision
- ❖ Planning Assumptions – the conclusions we have come to based on a review of data and information. The logical basis for our vision and strategy
- ❖ Strategic Directions – A critical few paths we will follow to create the desired future
- ❖ Goals – tactical goals to advance the strategies in a current year
- ❖ Actions – specific acts intended to accomplish goals
- ❖ Performance Measures – specific, quantifiable, realistic targets that measure the accomplishment of a goal over a specified period of time

Many thanks to everyone involved in this effort and those we will rely upon to make this plan a reality. It is my hope that this Strategic Plan will be the instrument to help our words match our actions, and our actions match our words.

Sincerely,

Mark A. Rohloff  
City Manager  
City of Oshkosh

## **Community Profile**

The City of Oshkosh, (population 62,916), is an award-winning community in the heart of the Fox River Valley, about ninety miles north of Milwaukee and fifty miles south of Green Bay. Oshkosh is a progressive and participative community that offers small-town friendliness with big city features and a high quality of life for people of all ages and interests. The City encompasses 24 square miles. It is the largest municipality in Winnebago County, which has a population of over 163,000 within its borders. Oshkosh is served by US Highways 41 and 45 and State Highways 21, 44, and 76, Wittman Regional Airport, the Outagamie County Regional Airport (20 miles), and General Mitchell International Airport (80 Miles).

Oshkosh is a great place to live as a result of an excellent school system, outstanding health care facilities, abundant entertainment opportunities, a low cost of living, a clean environment, and much more. The attributes of Oshkosh include its parks, galleries, nationally accredited museums, golf courses, entertainment venues, festivals, and activities that make Oshkosh a haven for anyone interested in combining city life with the benefits of a small town.

Oshkosh and the surrounding area boast an abundance of sights and sounds for residents and visitors to discover and enjoy. The city is on the western shore of Lake Winnebago (217 square miles) and banked by the Fox River and Lake Butte des Morts (8,800 acres). Oshkosh has been ranked in Money Magazine's "Top 100 Best Places to Live in the United States", in 2009 Business Week ranked Oshkosh as "The Best Place in Wisconsin to Raise Kids" and the Oshkosh metro area was named one of the "50 Smart Places to Live" in the United States by Kiplinger's Personal Finance in June of 2006. Rankings were based upon the amount and quality of affordable housing, a reasonable cost of living, quality of life, access to health care, and a strong economy. Wisconsin has some of the safest metro areas in the U.S. according to the 13th annual Safest City and Metropolitan Area Awards compiled by Morgan Quitno Press. The Oshkosh-Neenah MSA also was named a 2007 5-star Quality of Life Metropolitan area by Expansion Management. Quality of life factors considered when compiling the list include affordable housing, good public schools, and median income.

Oshkosh has a rich history. While the fur trade brought the first European settlers to this area as early as 1818, the establishment and growth of the lumber industry after the Civil War fueled the development of Oshkosh. The structures which now make up the city's historic areas are a result of the capital and materials generated by the lumber and associated wood manufacturing industries. When Oshkosh was formally incorporated in 1853, it had already been designated the county seat and had a population of nearly 2,800. The 1859 arrival of rail transportation provided an important opportunity to meet the demands of a larger and rapidly growing construction market.

By 1870, Oshkosh had become third largest city in the state with a population of over 12,000. In addition to providing capital and materials for construction of buildings now considered historic, the lumber industry was associated with entrepreneurs and businessmen who made significant contributions to the community, politics and philanthropic organizations. Availability of materials and capital, along with the devastating downtown fires in the mid 1870s, created opportunities for architects to produce a range of well-designed buildings for residential, commercial, civic and religious use.

Oshkosh has a strong tradition of education and offers one of the finest school systems in the nation. The schools, both public and private, offer a variety of educational programs. Oshkosh was one of the seven cities in Wisconsin on a list of the top 25 school districts in the country, according to the July 2006 issue of Corporate Report Wisconsin. Public schools in Oshkosh include fifteen elementary schools, five middle schools, two high schools, and four charter schools with nearly 10,300 students. In addition, the private schools have an enrollment just over 1,000 students. Fox Valley Technical College, headquartered in Appleton, has two locations in Oshkosh and is constructing a third. The University of Wisconsin Oshkosh is the third largest university in the state, with a total enrollment of more than 13,000 students. With 1,400 graduate students, UW Oshkosh has the largest graduate program of the eleven comprehensive universities in the UW System. The University's 74 associate, baccalaureate and master's degree programs are organized within four outstanding colleges; Business Administration, Education and Human Services, Letters and Sciences, and Nursing. The University, founded in 1871, serves as an arts and cultural center for 1.2 million citizens of northeast Wisconsin, and its NCAA Division III athletic program is among the very best in the nation.

Oshkosh has two hospitals newly built since 2000, Mercy Medical Center and Aurora Medical Center, with over 200 beds. There are five clinics in the community and 180 physicians/nurse practitioners. There are 29 community parks and natural resource areas, several golf courses, four museums/galleries, a library, movie theater and numerous marinas and boat landings. Attractions include the Experimental Aircraft Association (EAA), the Grand Opera House, Leach Amphitheater, Menominee Park and Zoo, Military Veterans Museum, Morgan House, Opera House Square, Oshkosh Public Museum, Paine Art Center and Gardens, Pollack Community Water Park, and the Oshkosh Public Library. Oshkosh is a state leader in regard to hosting annual events including several Professional Fishing Tournaments, Brews & Blues, Celebration of Lights, Country USA Concert, Faire on the Green, EAA Air Venture Oshkosh, Miss Wisconsin Pageant, Irishfest, U.S. Open Volleyball Tournament, Otter Street Fisheree, Sawdust Days, Inland lake Yachting Association Regatta, Lifest Christian Music Festival and Waterfest Summer Concert Series.

## **Organizational Profile**

The City of Oshkosh provides services to the City of Oshkosh twenty-four hours a day, 365 days a year and operates under a Council / City Manager form of government. The seven member City Council, including the Mayor, are all elected at large. The council is the legislative and policy making body of the City. The Council selects the City Manager who is the Chief Executive Officer of the City. The City Manager is responsible for planning, organizing, and directing the activities of the municipality.

Under the direction of the City Manager, the City is presently comprised of 620 full and part time employees, of which 13 are officials or administrators, 43 are supervisors / managers, 196 are involved in protective services, 64 are professionals, 52 are paraprofessionals, 154 are public works employees and 98 are office or clerical workers. These employees are organized into the 14 departments listed on the corresponding organizational chart.

## **Mission**

The mission of the City of Oshkosh is to provide goods and services in pursuit of a safe and vibrant community

## **Vision**

A thriving and sustainable community offering abundant opportunities for work and life

## **Guiding Principles**

- ❖ We will serve the public with a confident can-do spirit
- ❖ We will hold ourselves to the highest standards with a dedication to preserving the public trust
- ❖ We will provide the public with information on our actions and decisions
- ❖ We will engage citizens to the maximum practical extent at all stages of policy development
- ❖ We will act in a fiscally responsible manner on behalf of our citizens
- ❖ We will respond to citizens' requests equitably and fairly in a timely, informative and thorough manner
- ❖ We will take a prudent and creative approach to problem solving
- ❖ We will strive to achieve equity in the allocation of community resources

## **Planning Assumptions**

- ❖ A strong culture of collaboration among public, private and non-profit organization(s) will continue and be necessary
- ❖ Our competitiveness and success will depend on our ability to manage change and respect differing viewpoints
- ❖ Our community will become increasingly diverse
- ❖ Economic challenges will continue to constrain resources
- ❖ The community will continue to expect the same or a higher level of service
- ❖ Enforcement of policy will be applied equitably

## **Strategic Directions**

- ❖ Promote openness and communication
- ❖ Build positive working relationships between Council and staff
- ❖ Build and maintain high quality infrastructure
- ❖ Support sustainable economic development in the community
- ❖ Continuously improve services to the public
- ❖ Support strong, safe neighborhoods
- ❖ Strengthen relationships with community partners and other entities
- ❖ Preserve and promote community assets
- ❖ Embrace the history and character of the city

### **Priority Goals for 2010-2011**

- ❖ Improve the public's knowledge and understanding of the City operations
- ❖ Improve storm water management and street conditions
- ❖ Improve processes that support business retention and development
- ❖ Establish performance measures that document the efficiency and effectiveness of City services
- ❖ Create a public/private partnership to foster grassroots neighborhood organizations
- ❖ Develop long-term preservation, maintenance and improvement strategies for the city's natural, cultural and recreational assets

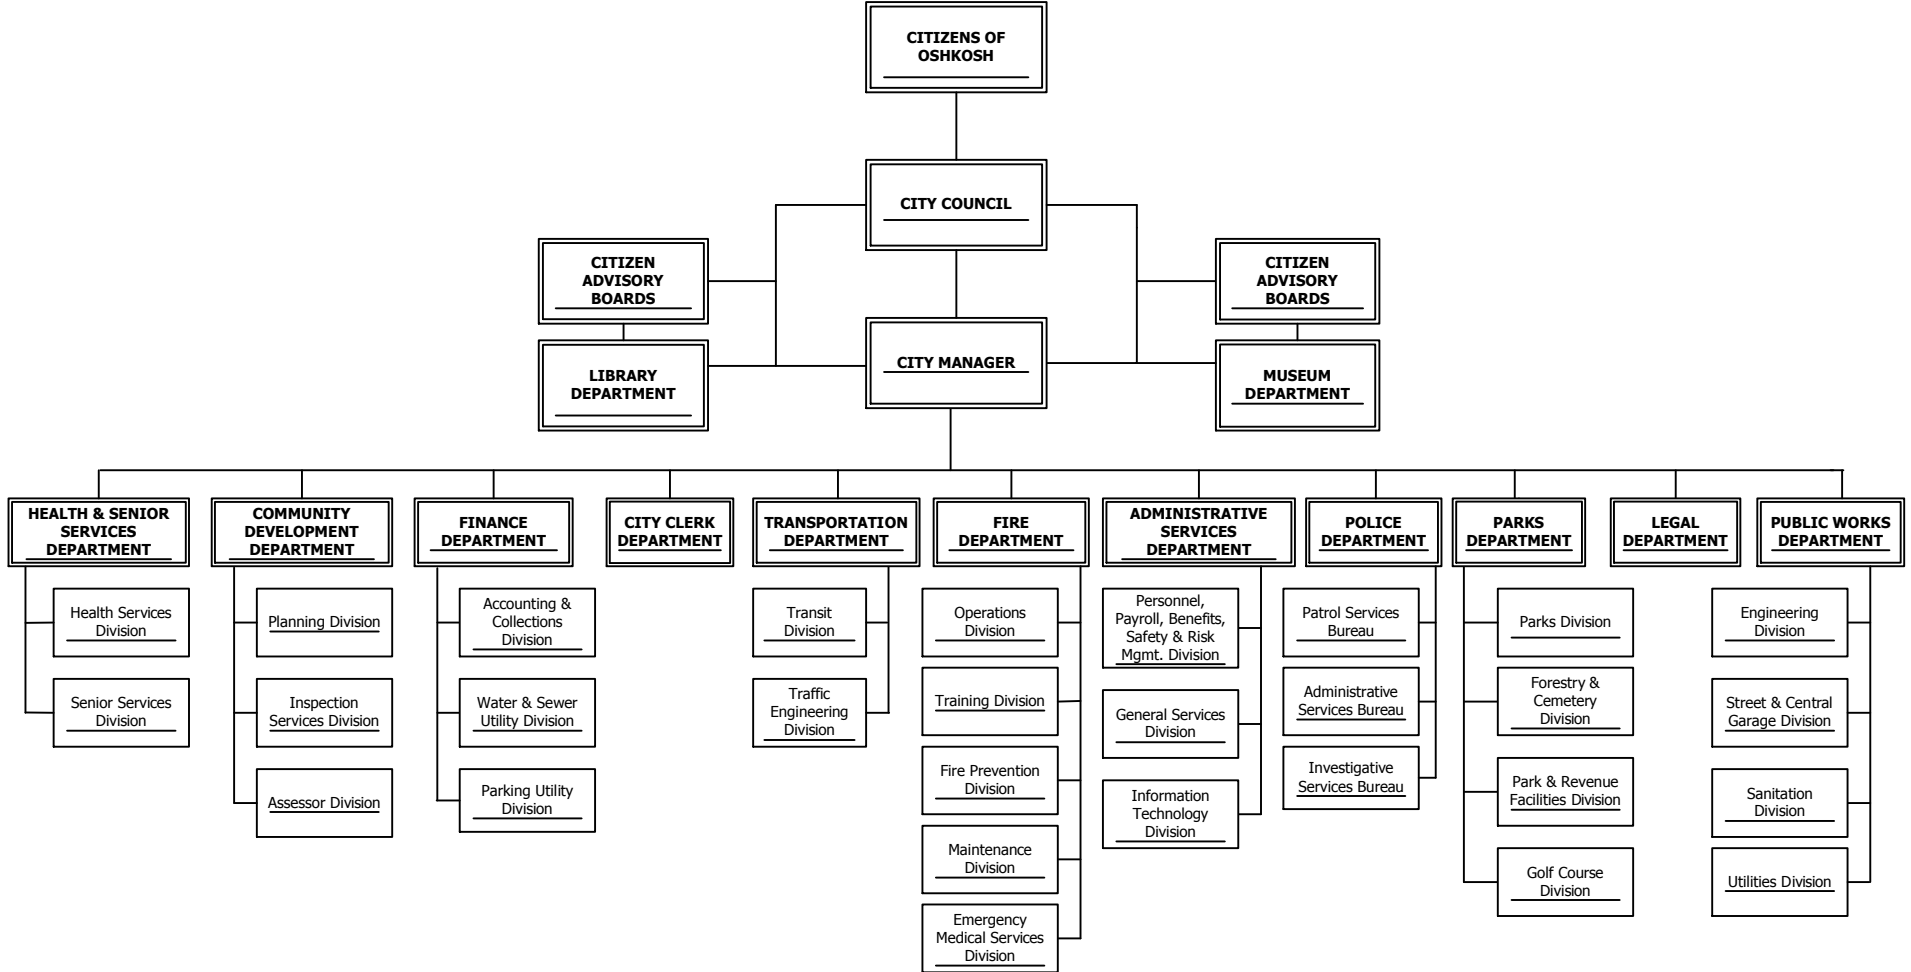

### **Future Goals**

- ❖ Create opportunities for Council and staff to share information about City operations and developing issues
- ❖ Engage a wide diversity of community organizations and stakeholders in City goal setting processes
- ❖ Tell the Oshkosh Historical Story

### **Planning documents considered for goal congruency**

- ❖ Operating Budget
- ❖ Five Year Capital Improvement Program
- ❖ Annual Audit
- ❖ City Manager Goals
- ❖ Comprehensive Plan
- ❖ Storm Water Management Plan
- ❖ Parks Plan
- ❖ Police Department Strategic Plan
- ❖ Fire Department Strategic Plan
- ❖ Library Action Plan
- ❖ Visioning Study
- ❖ Transit Plan
- ❖ Sustainability Plan
- ❖ Bike and Pedestrian Plan
- ❖ Mayor's Gateways Committee Report
- ❖ Municipal Parking Lot Assessment Plan
- ❖ Inflow and Infiltration Study
- ❖ City Ordinances
- ❖ Individual Components of the Strategic Plan
- ❖ Business Plans for CHAMCO, Inc. the Oshkosh Industrial Development Corporation and OAEDC, the Oshkosh Area Economic Development Corporation

# CITY OF OSHKOSH ORGANIZATION CHART
