US 41 Project “Construction Resource Fair” set for May 14

Northeast Wisconsin Technical College (NWTC) to host new event

(Green Bay) If you’ve ever dreamed of pursuing a career in the construction industry, you should plan to attend a Construction Resource Fair hosted by the Wisconsin Department of Transportation (WisDOT) on Friday, May 14 at Northeast Wisconsin Technical College (NWTC). The event is being held at NWTC’s Business Assistance Center located at 2701 Larsen Road, Green Bay, from 10 a.m. until 2 p.m.

The Construction Resource Fair is designed to educate the community about resources available and requirements needed to begin a career in the field of construction. Participants have a chance to network with representatives from over 20 local community based organizations, skilled labor and trade unions, and educational training providers who can help them plan for upcoming opportunities.

There are 10 presenters conducting three breakout sessions entitled:

- “Planning your Education in Construction”
- “Unions, Apprenticeship and Construction Job Networking”
- “Myths and Realities about Women, Native Americans and Minorities in the Trade”

This event is sponsored by WisDOT in anticipation of the US 41 Project and is free and open to the public. For more information about the Construction Resource Fair, contact US 41 Project Supervisor Mark Higley at (920) 492-0141 or send e-mail to Mark.Higley@dot.wi.gov.
