Door-to-Door Resident Survey Starts May 1st

(Oshkosh, WI.) The city of Oshkosh would like to notify residents that Neighborworks Oshkosh will be conducting door-to-door survey interviews in the area of the city south of E. Packer Avenue, east of Main Street, and north of Bay Shore Drive from May 1 to June 30, 2011. The survey is part of a partnership project between Neighborworks and the city.

The purpose of this data collection is to identify and document residents' perceptions of their neighborhood. NeighborWorks Oshkosh will then use that information to guide neighborhood revitalization activities.

Data collectors will be going to door-to-door within the established area during daylight hours requesting resident participation in the survey. In order to protect the safety of residents and survey participants, all data collectors have been selected and verified by NeighborWorks Oshkosh and the city of Oshkosh. **Data collectors will be wearing official city of Oshkosh identification, clearly visible at all times, during neighborhood canvassing.**

If you are not visited by a data collector, but would like to participate in the survey, please contact Planning Services at (920) 236-5059 to arrange an interview time. Your participation in this survey is appreciated and no names will appear in the database or in the results. The complete survey results will be available to the public by late summer of 2011.

If you would like more information, please contact Planning Services at (920) 236-5059.
