Grand Renovation Project Traffic Update

(Oshkosh, WI.) The city of Oshkosh would like to notify residents of some parking lot and street closure updates as part of the upcoming Grand Opera House renovation project.

Beginning the week of October 12, 2009 the southeast portion of the High Avenue parking lot (south of the Grand Opera House) and the Grand Opera House parking lot (west of the Grand) will be fenced off for construction storage. These lots will be closed for the duration of the renovation project.

Beginning the week of October 19, 2009 through the duration of the project the southern half of Market Street will be fenced off for construction purposes. Street parking for the northern half of Market Street will remain unchanged. Motorists should access Market Street from Algoma Boulevard. The city of Oshkosh will work with the contractor to open Market Street as soon as possible near the completion of the project.

We apologize for these temporary parking lot and street closures as part of the Grand renovation project. Thank you for your patience and understanding.

For more information, please contact Director of General Services Jon Urben at (920) 236-5100.
