Night Work in Oshkosh Announced for US 41 Project

(Oshkosh, WI.) The city of Oshkosh would like to notify residents that night hauling operations will begin in the Vulcan Quarry area in connection with the USH 41 project starting on Monday, September 13th.

It is anticipated the contractor will be hauling gravel from 7:00 p.m. to 5:00 a.m. Monday – Thursday and from 10:00 p.m. to 7:00 a.m. on Fridays during the course of the project.

The hauling operations are needed to create a new lane on the southbound side of USH 41, so that construction work may be done on the northbound lane in 2011. Night operations are necessary, because a lane of USH 41 must be closed while this work is done.

The estimated duration of the night work is nine weeks. The scope of the work along USH 41 runs from south of South Park, north to 9th Avenue.

For more information please contact the Vulcan Materials Company local office at (920)231-6330.
