Time is Running on Oshkosh Parking Meters

(Oshkosh, WI.) The city of Oshkosh has a unique opportunity for individuals to buy a piece of Oshkosh parking history. The city is auctioning off parking meters through the city's Osh-Buy program.

"The city is moving away from meters to streamline municipal parking operations," Finance Director Peggy Steeno said. "The removal of the meters will reduce city expenses by eliminating maintenance and other associated costs."

Oshkosh police will continue to enforce parking regulations through signage.

The 40-plus year old parking meters will be sold in as-is condition. The bidding terms and pictures of the parking meters can be found by logging on the city's website, www.ci.oshkosh.wi.us, and clicking on the Osh-Buy logo on the left side of the screen.

Bid on the parking meters before time runs out. The online auction started this week and will continue until the demand has ceased. The starting bids are \$10 for a single meter, \$15 for a double meter, \$20 for quads (four parking meters connected), and \$30 for a group of singles (four single meter heads).

For more information on the parking meter sale, please contact the General Services Division at (920) 236-5100.
