Public is Encouraged to Complete the Neighborhoods of Oshkosh Survey

(Oshkosh, WI.) The city of Oshkosh Planning Services Division invites the public to share their knowledge of neighborhood identity through a brief online survey. The Neighborhoods of Oshkosh survey is open to city of Oshkosh and area residents who would like to share their local knowledge about the identity, location, and character of Oshkosh neighborhoods.

Residents may choose to provide their contact information, but are not required to. Individual responses will be kept confidential, but the overall results will be publicized.

The goal of the survey is to help the Planning Services Division provide a Neighborhood Resource Toolkit to existing or new neighborhood groups as a portal to local resources. This will enable citizens to find out how and where to get information to establish neighborhood identity and share best practices for community-building.

To take the survey, please visit <http://www.surveymonkey.com/s/B59DNQY>.

To circulate and share the survey, a special link has been created for Facebook at <http://www.surveymonkey.com/s/B5YSYMG>.

The survey is open until August 20, 2011 and should take only five minutes to complete. The results will be shared in September.

If you are having difficulties or have questions about the survey, please e-mail lhoover@uwm.edu for assistance. If you would like more information please contact Planning Services at (920) 236-5059.
