Oshkosh Streets Update

(Oshkosh, WI.) As a result of light rain all day and a heavier storm this afternoon the city of Oshkosh has experienced localized street flooding. Although, it appears additional heavy rain is not anticipated today and flooded streets are receding, barricades have been placed on several roads for the safety of the traveling public. These areas include Ohio Street from 9th Avenue to 11th Avenue, Josslyn Street, Guenther Street/4th Avenue, and Smith Avenue.

The city of Oshkosh police, public works, and emergency personnel are monitoring the situation and anticipate removing these barricades by 6:00 p.m.

For more information, please contact the Communications Coordinator Dean Leisgang at (920) 236-5269.
