City Partners with UWO for Water Testing Services

(Oshkosh, WI.) In an effort to provide more cost effective water testing services to our community, the City of Oshkosh Health Services Division is forming a partnership with the University of Wisconsin-Oshkosh. The laboratory at City Hall will be closing and will no longer accept water samples after Thursday, May 26th. Water and well water samples collected after May 26th may be taken to the Aquatic Research Laboratory, behind Kolf Sports Center, at 783 Pearl Ave.

Water samples should be placed in the refrigerator located right inside the door. Instructions and laboratory forms will be provided. Many parking spaces are available just outside the building.

We are pleased to announce that through this creative partnership, we are able to offer you a less costly option for your water testing needs. The current charges and hours of operation for testing water at the University of Wisconsin-Oshkosh are:

- Colilert or Colisure \$13.00 (Bacteriological test for safe drinking water)
 - Drop off Monday – Thursday, 8:00 am – 4:00 pm
 - Drop off Fridays if pre-arranged with the UW-Oshkosh Lab
- Nitrates \$12.00
 - Drop off Monday – Thursday 8:00 am - 4:00 pm
 - Drop off Fridays from 8:00 am – 2:00 pm
- Hardness \$15.00
 - Drop off Monday – Thursday 8:00 am - 4:00 pm
 - Drop off Fridays from 8:00 am – 2:00 pm

For more information please contact Interim Health Officer Denise Krueger at (920) 236-5010.
