### Urban Inducted into WAPC Hall of Fame

(Oshkosh, WI.) Former Oshkosh Community Media Services Director Jon Urban was inducted into the Wisconsin Association of Public, Educational and Government Channels (WAPC) Hall of Fame on April 30, 2010. The induction ceremony was part of the WAPC's annual Video Festival.

Urban co-founded the WAPC in 1998 and served as the organization's first president. "Community television in Wisconsin owes a huge debt of gratitude to Jon, whose leadership and amazing organizational skills set the standard for everyone who came after him," said WAPC Executive Director Mary Cardona.

Although Urban left his post as the Media Services Director in 2009 he remains with the city of Oshkosh as the Director of General Services. In his new position, Urban is responsible for the areas of Purchasing, Facilities Maintenance, and Media Services.
