# **City of Oshkosh Insurance Requirements**

## **INTRODUCTION**

It is important that the City of Oshkosh is adequately protected from loss due to the negligence of others (contractors, suppliers, vendors, etc.) who are working for, with, or on behalf of the City of Oshkosh. To help achieve this goal, the City of Oshkosh requires that other parties carry a certain level of insurance that will protect, defend and indemnify the City from losses arising out of their activities or from their products.

The following standards have been established to help provide direction and consistency for City of Oshkosh Departments. Until the appropriate certificate of insurance verifying the required coverage is obtained, the City of Oshkosh will NOT be issuing a license, permit or entering into a contract.

Insurance requirements for jobs or activities such as asbestos abatement, pollution clean up, oil recycling, hazardous waste removal, or any new contract or activity where it is not clear what level of insurance should be required will be determined by the City Attorney and the Safety & Risk Management Officer.

The City Attorney and/or the Safety & Risk Management Officer are responsible for the review of all certificates of insurance to determine if they meet the insurance requirements.

There may be times when an organization or contractor can not meet the insurance requirements. Any significant variance from the standards must be authorized by the City Attorney and/or the Safety & Risk Management Officer.
