Oregon Street closure (Phase I) scheduled to begin October 5th

OSHKOSH, Wis., September 30, 2021 – Oregon Street (Phase I) between West 28th Avenue and West Waukau Avenue will be closed (open to local traffic only) beginning on Tuesday, October 5th, for sanitary interceptor sewer construction. The intersections of Oregon Street and West 28th Avenue, Oregon Street and West Waukau Avenue, and Oregon Street and West 29th Avenue will remain open to east/west traffic (with flashing red stop lights or temporary stop signs) during this Phase.

This Phase I closure is anticipated to last about twelve (12) weeks. The Phase II closure (full closure) of Oregon Street includes the Gallups/Merritts Creek culvert replacement, which is anticipated to last twelve (12) weeks starting approximately the week of October 18th. Lastly, the Phase III closure of Oregon Street includes the closure of the West Waukau Avenue and Oregon Street Intersection, which is anticipated to last five (5) weeks. During the full closure, local traffic will be maintained.

These closures are required to complete the work within the road right-of-way in a safe manner for the City's contractors, employees and the traveling public.

Signs have been posted on the project route to notify motorists of the upcoming roadway closure. Motorists are urged to plan alternate routes and expect delays due to this closure. South Main Street/USH 45 will have two-way traffic with some lane restrictions through the week of October 11th, then will be fully open. As always, please be cautious when approaching any construction zone.

- MORE -

The designated detour routes that motorists may take are:

Northbound: Traveling north on CTH I/Oregon Street, motorists shall take CTH Z east to CTH R, north to USH 45/Main Street, and west on 24th Avenue to Oregon Street.
