Oshkosh housing study Open House scheduled
Monday, January 17th, 6pm-8pm at the Oshkosh Convention Center

OSHKOSH, Wis., January 5, 2022 – An Open House has been scheduled for the public to offer input on a draft housing study for the city of Oshkosh. The purpose of the study is to assess the housing needs of the city of Oshkosh and to provide a strategic plan for meeting those needs. A copy of the draft study is available for review at <https://rdgusa.com/sites/oshkosh/>. The Open House will be held at the Oshkosh Convention Center, 2 North Main Street, on Monday, January 17th from 6:00 p.m. until 8:00 p.m.

In April 2021, the City of Oshkosh contracted with RDG Consulting and Design to conduct a city wide housing study. The results of this Housing Study will help elected officials, City staff, stakeholders, private developers and community members discern the local housing market, provide an understanding of key housing issues and how they impact the City of Oshkosh as well as serve as a platform for strategy and policy decisions related to housing in the city. The report is intended to offer a basis for formulating specific housing priorities, policy options, intervention strategies, and allocation of resources. Staff and the consultants conducted eight listening sessions with community stakeholders and held six Technical Committee meetings during the planning process.

Public input will be integrated into the plan before it is finalized. Staff is tentatively planning on presenting the final plan to Council in March for adoption. The Open House is open to the public. For more information about the housing study or the Open House, please contact Mark Lyons, Planning Services Manager, at (920) 236-5059 or mlyons@ci.oshkosh.wi.us.
