

Take a much-deserved bow! Your donations helped the Oshkosh Seniors Center serve **7,000** people in the last six years. Together, they attended the Center 300,000 times.
All thanks to you!

Your Donations Deliver Good Health, Joy, and Purpose!

Just ask Alice, age 91, how much better life is after she started to exercise!

Dear

It's true that because of your generosity, we are the biggest and most utilized Senior Center in the state. With your help, we can continue to be a shining example of how communities should treat older adults.

Please consider donating to the Oshkosh Seniors Center so we can do more to make a difference in the lives of deserving seniors right here in the Oshkosh area.

What exactly does **more** look like?

One of our "**more projects**" was purchasing Biodex balance screening equipment with the help of the Oshkosh Fire Department to prevent falls in our community.

Just ask Alice, 91 years young. She broke her wrist during a fall and is determined not to have it happen again, so she took the balance screening test. Her risk of falling was high. Alice embraced the recommendations and started taking Tai Chi instruction and doing strength training at the Center. Once she began to exercise, there's been no more falls - that is **your contribution at work!**

Thank you for your kindness and generous support,

Judy K. Brewer, President of the Friends of the Oshkosh Seniors Center

P.S.

As a 501(c)(3) charity, we accept qualified charitable distributions from your IRA's. Ask your tax advisor to help you designate the Friends of the Oshkosh Seniors Center so we can help more people like Alice!

Friends of the Oshkosh Seniors Center, PO Box 3423, Oshkosh, WI 54903
